PSS	Provincial Safety Strategy
SAPS	South African Police Service
SDIP	Service Delivery Improvement Plan
SLA	Service Level Agreement
SPU	Special Programs Unit
TSCM	Technical Surveillance Counter Measures

Accounting Officer's Statement

We enter the 6th Administration on the solid foundation laid by the 5th Administration with renewed vigour and energy. The concerted efforts made by all our staff and the policy directive by the Member of the Executive Council (MEC) to position the department at the pinnacle of the provincial service delivery machinery is much appreciated. We must draw strength and inspiration from a myriad of positive lessons learnt in the last term, and re-direct our energies and focus towards the accomplishment of the strategic goals set by the new administration.

Emerging from the Strategic Planning Session, the department has prioritized the advancement of Sections 206 and 208 of the Constitution that will give impetus to the provincial government to vigorously monitor police conduct, oversee police efficiency and effectiveness, promote community police relations and assess the effectiveness of visible policing.

In carrying out this huge task of our provincial government, the department will over the Medium-Term Strategic Framework (MTSF) period implement the political directives of the governing party. The alignment of departmental strategic goals with sector indicators and the outcomes of best practices benchmarking processes will be prioritized.

In pursuit of the aspirations and interests of the people of the province, the department will work in close collaboration with the Office of the Premier (OTP) to strengthen its coordination capacity in order to accelerate the review and implementation of the Provincial Safety Strategy (PSS) and the White Paper on Safety and Security.

Our unwavering commitment to achieving the outcomes of the National and Provincial Development Plans, as well as the implementation of the Provincial Programme of Action, must ensure timeous execution of Executive Council Resolutions, and the tracking of House Resolutions for an improved service delivery. Monitoring the implementation of the Rural Safety and Anti-Gang Strategies by the South African Police Service (SAPS) and participation in the review of the Correctional Service Anti-Gang Framework to strengthen departmental in-depth knowledge of anti-gang activities and policy formulation is very important this term.

The department will also develop an oversight plan to improve the functionality of the Community Police Fora (CPF). In addition, it will vigorously continue to advocate for the establishment and functionality of Community Safety Fora (CSF) and the development of Municipal Safety Plans and ultimately their integration into the Integrated Development Plans (IDPs).

In line with Chapter 4 (17) of the Civilian Secretariat Act for Police Service Act 2 of 2011, the department will initiate a process to establish the Provincial Secretariat for Police Service as required by the Act.

This will serve to formalize the civilian oversight role over the South African Police Service in the Eastern Cape Province.

In the next five years, the department will prioritise the following key performance areas:

- Strengthening of our oversight function over the SAPS and other law enforcement agencies;
- Expand our oversight to include the Metro Police;
- Re-branding and marketing of the department including its mandate;
- Establishment of Provincial Oversight Committee;
- Input into review the Monitoring Tools (MT) to meet the objectives of the Civilian Secretariat for Police Service (CSPS);
- Re-establishment of the JCPS to strengthen collaboration and cooperation;
- Introduction and rollout of the Court Watching Brief (CWB);
- Docket analysis and oversight of priority cases;
- Implementation of Research Findings;
- Alignment of Sector Indicators;
- Formalization of Strategic Partnerships;
- Review of Provincial Safety Strategy and
- Review of the Service Delivery Model (SDM) to guide the development and approval of the new organisational structure.

In addition to the establishment of the Provincial Secretariat, we shall for the next five years, intensify community-based ward crime awareness campaigns. We shall vigorously engage with the local sphere of government to ensure the development of by-laws with which to regulate liquor outlets, trade in counterfeit goods and many more. Where necessary, we shall enter into agreements with relevant stakeholders such as Correctional Services, SALGA, COGTA, Department of Social Development, Department of Education and others.

We will be supporting all noble initiatives that seek to mobilise the broadest section of our society against GBV, and violence against children and women. This include such activities as “Men’s Indaba”.

The departmental staff will be trained on all relevant areas of capacity building relative to the task at hand. Our human and financial resources capacity will be our primary focus for increased performance of the department. We shall ensure that we are properly equipped to give effect to the dictates of the Constitution and the Civilian Secretariat Act.

We will build on the good audit results of the last five years to uphold this good performance and achieve more. As a department, we shall lead by example in ensuring that we have no fruitless, wasteful, unauthorised and irregular expenditure.

Based on the improved oversight over the SAPS, we shall improve our capacity to advise the MEC on policing policy matters in the province. In this regard, we shall improve our reporting from quantity to quality. We will continuously evaluate and assess the impact of the tasks we are carrying out and provide a relevant narrative.

The department will maintain its cordial relations with the Government of the State of Lower Saxony in the Federal Republic of Germany. In this regard, the partnership and cooperation in specific areas will be strengthened.

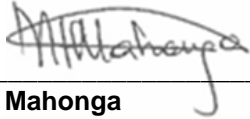

Mr Zukile Kani

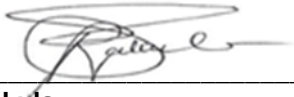

Acting Head of Department and Accounting Officer
Department of Safety and Liaison

Official Sign-off

It is hereby certified that this Annual Operational Plan 2020/21:

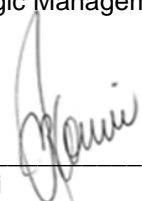

- Was developed by management of Department of Safety and Liaison under the guidance of Mr. Zukile Kani.
- Takes into account all the relevant policies, legislation and other mandates for which the department for Safety and Liaison is responsible.
- Accurately reflects performance information which the Department of Safety and Liaison will endeavour to achieve as committed to the Annual Performance Plan for 2020/21.
