6. CONFIDENTIALITY & LOGISTICAL INFORMATION

The documents contained in Table A are critical and therefore must be kept confidential until publicized by the Department of Community Safety. The lead-time between the submission of the document for printing and the delivery of the printed documents, without compromising the quality will be a key consideration. The bidders may be required to make a specific presentation on how their printing systems are compatible with various technical languages (e.g. macros and visual basic technologies).

The Department of Community Safety's Head Office is located in Bhisho and the high demand on quality of the work will require closer inspection of the work (with possibility of editing and proof reading having to be done on site and within very tight time frames). **Given these conditions it is required that the printing facilities of the service provider be within 80 kilometer radius from Bhisho. Bidders that do not meet this requirement will not be considered.**

7. ACCOUNTABILITY AND COMMUNICATION

The Accounting Officer is responsible for ensuring the value for money is achieved and the Department of Community Safety reserves the right to cancel the contract if the service provider does not meet the set standard.

8. CONTRIBUTION BY THE DEPARTMENT

- Provide the information that needs to be printed to the successful bidder in an electronic format.
- The department will ensure that all information required by the successful bidder will be communicated in sufficient time.

9. EXPECTED OUTPUTS AND OUTCOMES

The output is the written contract with competent bidder for the procurement of printing services. A formal contract will be entered into between the Department and the service provider after negotiations have taken place between the recommended bidder and the department and following the approval of the award process.

The key outcome is the rendering of the most efficient and effective printing service for the Department.

10. DURATION OF THE SERVICE

The successful service provider/s shall render the required service/s over a period of three (3) years.

11. VALIDITY PERIOD

All bids submitted will be valid for a period of 90 days after the closing date.

- Prices must be quoted in South African currency and must be **INCLUSIVE OF VAT**.

13. BILLING / PAYMENT METHOD

- The invoices should include the departmental provided order number
- No copies or emailed invoices will be processed.

- Banking details

- Order number (A copy must accompany the invoice)
- Total amount of the invoice (Inclusive of VAT)

14. CATEGORIES OF SERVICES

In terms of the list of printing services it must be understood work will be awarded based on two categories:

- **Table A:** This is major printing works which includes the annual report, annual operating plans, etc. The publication of these documents normally has a time consuming and complex process of compiling the documents. This category of printing is deadline driven with the deadlines normally known well in advance. However, challenges are normally experienced leading up to finalising the content. It is therefore quite common that the final documents will be received close to deadlines. The value of these printing projects is normally more than R30 000.00 but it is possible that the smaller strategic important print runs will be required.
- **Table B:** This relates to procurement of promotional material normally done in smaller quantities. These items will be procured as and when required.

15. PERFORMANCE & QUALITY MANAGEMENT

In the event of a service provider failing to meet an agreed deadline a penalty will be applicable of 1 % of the job value per working day or part thereof after the official agreed deadline date and time. Penalties will be limited to a maximum of 10% after which the stipulations relating to disputes and breach in the General Conditions of Contract will be invoked. In terms of quality management, each document printed must be issued with a written guarantee in terms of the quality of binding.

16. BID PRICING STRUCTURE

The bidder must submit together with their bid a financial proposal. The following must be noted regarding the pricing:

Tax

All rates quoted must be VAT inclusive,

Elements of rate cards:

Each rate card will be based on the following rate elements:

- **Per Page Rate:** This is based on the printing one page back to back, the definition of page in this instance is printed pages not pieces of paper, in other words in back to back printing two printed pages will represent one piece of paper.
- **Cover and Binding Rate:** The rate per document for the given binding and finishing type, in instance where a document does not have a cover (i.e. brochures)
- **Total Cost per Unit:** This is based on estimated document size, in this column the "Rate per Page" must be multiplied by the "estimated size of document" and then adding the "Cover and Binding Rate". Formula: {Per Page Rate x [estimated size of document in printed pages]} + the cover and binding rate}
- **Total Cost of Requirement:** This is the "Total Cost per Unit" multiplied by the "estimated volume of documents to be printed". Formula: {Total Cost per Unit x [estimated volume of documents to be printed]}
